1. NOMINATIONS SOUGHT FOR DIC AWARDS

Young Investigator Symposium

Call For Nominations Deadline January 31, 2010

The ACS DIC solicits nominations for the Young Investigator Symposium to be held on Sunday afternoon of the Fall 2010 ACS meeting in Boston. This DIC symposium honors talented young inorganic chemists, and provides a high-profile forum for them to present their research results. There will be a total of 8 speakers, and each will give a 30-minute presentation. The DIC will provide a \$1000 honorarium for each speaker and a plaque to commemorate her/his participation in the event.

Only DIC members are eligible. Candidates must be enrolled as graduate students or hold positions as postdoctoral fellows (academia, industry or government lab), and be no more than one year beyond completion of the Ph.D. at the time of the nomination. Visiting scholars and similar titles are not eligible. The speakers will be selected from nominations submitted by January 31, 2010. The awards will be announced on February 28, 2010. Awardees must not have accepted a permanent, independent position at the time of selection. Candidates will be asked to verify that they have not accepted a permanent position before being named as awardees.

Nominations may be submitted by a research advisor of the candidate. Self-nominations are not allowed. Nominations should include:

- 1) A cover page containing on separate lines: a) the candidate's first and last name, b) the candidate's physical and email addresses valid until August 2010, c) the ACS membership number, d) the DIC membership status, e) the affiliation, f) the name of the advisor, g) the number of publications, h) the number of publications on which the candidate is the first author, i) the most important previous awards received by the candidate, j) references of the five most important papers published by the candidate.
- 2) A nomination letter limited to two pages (single-spaced, 12-pt Times or 11-pt Arial font). This letter should contain i) a description of the research accomplishments of the nominee; ii) a description of the research topic to be presented at the symposium and why this would be of broad interest.
- 3) The candidate's resume including a list of publications and presentations .

Additional communications with the selection committee are strongly discouraged, and may result in disqualification of the candidate. The selection committee consists of the 2010 DIC Chair Ann Walker and the chairs of the four DIC subdivisions. Applications are to be submitted by January 31, 2010 by email attachment to younginvestigator@acsdic.org as a single pdf file with the title consisting of the last name of the candidate (ie: "LASTNAME.pdf"). Please, also enter the last name of the candidate on the subject line of the email.

2010 ExxonMobil Solid State Chemistry Faculty Fellowship

Call For Nominations Deadline January 15, 2010

The ExxonMobil Foundation is sponsoring the ExxonMobil Solid State Chemistry Faculty Fellowship, which includes an award in the form of an unrestricted grant of \$10,000. The Solid State and Materials Chemistry Subdivision of the ACS Division of Inorganic Chemistry administers the selection of the recipient. The fellowship will be formally presented at the Fall 2010 ACS Meeting in Boston, MA.

The Solid State Chemistry Faculty Fellowship recognizes young scientists who have made substantial contributions to the discipline of solid-state chemistry and have the potential to emerge as leaders in the field. The Fellowship also recognizes solid-state chemistry as a critical science and engineering discipline that is a vital component of the research enterprise in the United States. The recipient of the fellowship must hold a tenure-track faculty position at a U.S. institution, must not yet have received tenure, and, preferably, is not currently in the final stage of tenure review. Selection will be based on past and current independent contributions and on the potential for future contributions to our knowledge of synthesis,

properties, reactivity, structure, and bonding in solids.

Nominations must contain: (1) a nomination letter; (2) a one-page summary of current research interests; (3) a brief vitae; (4) a publication list; (5) two additional supporting letters; (6) copies of not more than three recent publications. **The deadline for nominations is January 15, 2010.** The award will be announced on March 1, 2010.

Nomination packages and letters of support, in the order noted above, should be combined into a single pdf file and emailed as an attachment to Stephanie Brock, Solid State and Materials Chemistry Subdivision Chair, at exxonmobil@acsdic.org.

DIC Student Travel Award Program

The DIC is accepting applications for student travel awards for graduate and undergraduate students presenting research talks or posters at ACS National Meetings. The upper amount of the award is \$800.00. The deadline for receipt of applications is January 15 for the Spring ACS National Meeting, and June 1 for the Fall ACS National Meeting. Winners will be notified by March 1 and August 1, respectively, for the Spring and Fall meetings.

Selection process: Applications submitted by undergraduate researchers, graduate students in the first two years of their PhD and graduate students in the final years of their PhD will be reviewed separately. Within each category, the selection process will be based on scientific merit.

Eligibility:

1. The student must be a member of the DIC and must present his/her paper in the DIC program. Students who are not making presentations are ineligible.
2. Only one nomination will be accepted per research group for each meeting. Exceptions may be granted for collaborative projects.

Application Procedure:

- 1- Use the linked questionnaire ([travelgrantappform.pdf](#)) as a cover page for your application package. Please make sure to complete it in its entirety.
- 2) A proof of your current ACS and DIC membership status such as a copy of your receipt or membership certificate – If you are not in possession of one of these documents, please contact the ACS membership services at 800-333-9511 to request a copy).
- 3) An abstract of the work to be presented in the DIC program.
- 4) A resume, including a list of publications and presentations.
- 5) A recommendation letter from your research advisor.

The application must be saved as a SINGLE pdf file and emailed as an attachment to studentawards@acsdic.org. Please, use the applicant's last name to name the pdf file.

Nanoscience Award

Call For Nominations Deadline February 20, 2010

The Nanoscience Subdivision of the ACS Division of Inorganic Chemistry (DIC) is pleased to solicit nominations for the Inorganic Nanoscience Award, sponsored by the University of South Carolina NanoCenter. The award consists of a \$3000 check made out to the winner, as well as a plaque to be presented to the recipient at the Fall 2010 ACS meeting in Boston, MA. The recipient will be based at either an academic institution or a national laboratory setting in North America. The intent of the award is to recognize sustained excellence, dedication, and perseverance in research in the area of inorganic nanoscience. Recipients are expected to be at the mid-career stage. Preference will be given to nominees who have not won an ACS award during the past five years.

Each nomination should include a full curriculum vitae, a list of publications, and a short statement that highlights the key research discoveries that merit a national award in the area of inorganic nanoscience. Each nominee should also arrange for three letters of support to be sent separately. Only one of the three supporting letters can be from the nominee's home institution. Self-nomination is allowed.

Nominations and letters of support should be emailed as pdf attachments to Dr. Donna J. Nelson, Nanoscience Subdivision Chair, at nanoawards@acsdic.org. Inquiries (but not nomination materials) should be addressed to djnelson@ou.edu (Phone: 405-325-2288, Fax: 405-325-6111). The winner will be selected from nominations submitted by Monday, February 22, 2010. The award winner will be announced on or around March 10, 2009.

2. 2009 FALL ELECTION RESULTS

The following new DIC officers were recently elected in the Fall of 2009 vote.

Chair-Elect: François P. Gabbaï

Secretary Elect: John D. Protasiewicz

Councilor: Alan L. Balch

Alternate Councilor: Barbara A. Reisner

Bioinorganic Chair: Debbie C. Crans

Organometallic Chair: Dennis L. Lichtenberger

Solid-State Chair: Kyoung-Shin Choi

Nanoscience Chair: Ryan M. Richards

3. MESSAGE FROM THE 2009 CHAIR – Susan Kauzlarich

The year has gone by very quickly and has been full of transitions for the Division, many of which I have already reported on announced in the summer 2009 Newsletter. It has been fun to introduce the ACS award winners and the Young Investigators for 2009. It has been a great privilege and honor for me to assist in bringing new awards and opportunities to the Inorganic Community and help provide opportunities for a variety of symposia that have been of broad interest to the research community. During this time period, we have joined with several other division to put on successful symposia and this has been considered to be positive for many of our members who have interdisciplinary interests. I'd like to especially thank Mike Scott, our secretary, for all his hard work and his support. He has made being the chair an especially easy task. I am also very grateful to all the members of the executive committee who provided lively discussion and various viewpoints on many issues.

I encourage you to consider organizing a symposium at the ACS meeting. We consider large and small symposia, both cross-cutting and highly specialized, that might be of interest to the inorganic community. If approved, current DIC funding is at \$2,000 per half-day session with a maximum of \$8,000 for four half-days. For organizers willing to hold symposia on Wednesday and Thursday, the DIC contribution is \$2,500 per session, with a limit of \$10,000. Please consider organizing one! Please email the incoming chair-elect, Francois Gabbaï, with topics, proposed number of half day session, the proposed meeting, and the names of the organizers with emails at dicsymposia@acsdic.org.

As next year's past chair, I plan to continue to work with the new chair, Ann Walker, and chair-elect, Francois Gabbaï. Thank you for your support for this all-volunteer team. It has been a great deal of excitement and fun. I am grateful to all of you for your support and I look forward to my final year. Finally, I will be a member of the ACS Committee on Science for 2010-2012, so please email me (smkauzlarich@ucdavis.edu) if you have any topics or concerns that I can help represent inorganic chemistry to this committee.

4. MESSAGE FROM THE 2009 CHAIR-ELECT – Ann Walker

The extraordinary vibrancy of inorganic chemistry is again evident. At the San Francisco ACS meeting in March, 2010, the Division of Inorganic Chemistry (DIC) will host seven ACS awards

including Richard Adams, Don Darensbourg, Clark Landis, Joan Valentine, Steve Lippard, Larry Dahl and Dan Mindiola. These awards span many areas, ranging from "straight" inorganic chemistry through to materials science, and biochemistry. Our scholarly breadth impresses colleagues across the ACS, and we are pleased that these awardees view the DIC as the most appropriate forum to present an overview of their accomplishments. 2009 obviously has been a very good year!

It has been a busy year for me in learning how the DIC works and helping to encourage and facilitate symposia for upcoming ACS meetings. We have an incredible set of symposia scheduled for the San Francisco meeting in March and for the Boston meeting in August, 2010. I want to thank all those who are organizing these symposia, and to encourage others to let me know that you would like to organize a symposium for the Division of Inorganic Chemistry for a future ACS meeting. The Chair's message contains the details on DIC funding for symposia.

I particularly want to thank Susan Kauzlarich for her service as Chair of the DIC for the year 2009, and for all of her and Kristin Bowman-James' (DIC Chair in 2008) good examples, help and assistance in tutoring and guiding me in how to be DIC Chair! I want to thank all of the current Executive Committee members for their service to the Division, and their assistance in running it. I would also like to welcome the new officers to the Executive Committee, and I look forward to working with them at the meetings in San Francisco and Boston. I look forward to serving you as Chair of the DIC in 2010!

As you may know, the DIC is a totally volunteer organization. We have many colleagues to thank for keeping the DIC running and moving forward. I want to thank our secretary, Mike Scott, who, among many other things, has organized the recent elections and this newsletter, but is generally the switchboard for disseminating information. John Protasiewicz will be learning the ropes for this important position from Mike Scott during the coming year. I also particularly want to point to the important efforts of our Program Chairs Bernadette Donovan-Merkert and Michelle Millar. Bernadette and Michelle guide the processes that keep our symposia functioning, which in turn keep our membership numbers up. What is so special about all of these colleagues is that they are doing these chores on top of their other professional activities as publishing inorganic chemists.

The next DIC Young Investigators Award symposium honoring a new generation of bright students will be held at the Boston meeting in August, 2010. The deadline for on-line nominations is January 31, 2010. Nominations are also sought for the 2010 ExxonMobil Solid State Chemistry Faculty Fellowship. The deadline for nominations for that is January 15, 2010. Nominations are also sought for the 2010 Nanoscience Award, for which the deadline is February 20. We also annually support student travel support to the national ACS meetings, and you may nominate a student for such a travel award. The website describing all of these programs is <http://www.acsdic.org/awards.htm>.

5. MESSAGE FROM THE SECRETARY – Mike Scott

Members and nonmembers may find information and news from the Division of Inorganic Chemistry at the DIC website www.acsdic.org. We have recently posted a new membership form for the convenience of those wishing to join the DIC. The first year of membership is free!

Email is the primary means by which the DIC corresponds with its members. Thus, members are encouraged to maintain current e-mail addresses in their ACS profiles. These profiles are used to generate the regularly updated email lists that the Secretary receives from the ACS. Members may view and edit their ACS profiles by logging in at www.chemistry.org. Current division and subdivision memberships may also be confirmed in the member's profile at this site. The DIC email list is confidential, and is used only to convey DIC news, announce DIC elections, and to inform members of upcoming meetings, and award and funding opportunities. This email list will never be provided to third parties, such as commercial advertisers.

DIC members may belong to one or more DIC subdivisions (at no additional cost). **One must be a subdivision member to vote in subdivision elections.** Subdivision membership can be changed or specified by calling the ACS at 800-333-9511, or by emailing the ACS at service@acs.org, with a request

that the appropriate subdivision code(s) be added to one's membership record. All such requests must be accompanied by a membership number. The codes for the subdivisions are:

Bioinorganic	I17
Nanoscience	J17
Organometallic	H17
Solid State and Materials	G17

Finally, the blue books of meeting abstracts are no longer mailed. Instead, DIC members may obtain meeting abstracts by logging in at www.chemistry.org, and following the links "Inorganic Chemistry" and then "Abstract Separates" links near the middle of the corresponding webpages.

6. MESSAGE FROM THE 2008 TREASURER – Ken Klabunde

The Division of Inorganic Chemistry remains financially healthy. As of November of 2009, the bank balance was \$368,549.14.

In June, the balance was \$404,000. In February, it was \$324,000. The number of checks written so far in 2009 was about 200. In April, the ACS membership deposit was \$99,210, down from \$105,000 in 2008. Other contributions have been from various Foundations, other Divisions, Government Labs, individuals.

All tax documents and other reports have been submitted without issues or problems. We look forward to another good year where the Inorganic Division continues to support symposia and numerous awards. We also look forward to the Pacific-Chem meeting in December of 2010, where numerous symposia are already planned, and with Inorganic Support.

7. NEWS FROM THE BIOINORGANIC SUBDIVISION – Amy Rosenzweig and Kara Bren

The ACS DIC is assisting the National Institutes of Health in identifying scientists who are willing to participate in NIH's peer review process by serving as study section members. Volunteers from the DIC will help increase the representation of expertise in the area of inorganic and bioinorganic chemistry on NIH study sections. Experienced scientists who have received major peer-reviewed research support from NIH or a similar agency and are willing to serve are encouraged to contact Kara Bren (bren@chem.rochester.edu) for further information.

8. NEWS FROM THE NANOSCIENCE SUBDIVISION – Stanislaus Wong.

Our subdivision constantly seeks out new members and we strongly encourage existing members to participate in establishing and pursuing exciting, relevant, and interesting symposia. This is a crucial point, as the quality of our sessions depends to a large extent on the enthusiasm, vigor, and tireless efforts of our organizers. We are in need specifically and especially for a new infusion of ideas and people involved with nanoscale-themed symposia (e.g. mechanistic studies of nanoscale growth) in 2010 and beyond. We look forward to your feedback!

9. MESSAGE FROM THE PROGRAM CHAIRS – Debbie Crans & Bernadette Donovan-Merkert

The technical program for the upcoming Spring 2010 ACS meeting in San Francisco will be available on the new Program and Abstract Creation System (PACS) on the ACS website. The Fall 2010 ACS National Meeting will be held August 22-26, 2010 in Boston, MA.

10. MESSAGE FROM THE MEMBERSHIP CHAIR – Zi-Ling (Ben) Xue

Division of Inorganic Chemistry (DIC) remains a strong division with one of largest memberships in ACS.

ACS Student Affiliates (undergraduate students) are now student members per an amendment of the ACS bylaws last year. A person actively working toward an undergraduate degree in chemistry or in a related field is welcomed as a student member. The student is offered free DIC membership for one year.

I encourage you to help recruit DIC members. Benefits for DIC members include access to meeting abstracts, eligibility for Division awards, participation in DIC elections, and opportunities to join four DIC subdivisions (Bioinorganic, Organometallic, Solid-State and Materials, and Nanoscience) at no additional cost. Details are at the DIC website: <http://www.acsdic.org>. All first-time ACS members are offered free DIC membership for one year. The membership form is posted on the DIC website.

DIC Young Investigator Symposium and Student Travel Award Program are two particular awards for DIC members. The Symposium is an annual event at the Fall ACS national meetings and requires nominations. “The candidates must be enrolled as graduate students or hold positions as postdoctoral fellows (academia, industry or government lab), and be no more than one year beyond completion of the Ph.D. at the time of the nomination.” For the 2010 Symposium in Boston in August, “there will be a total of 8 speakers, and each will give a 30-minute presentation. The DIC will provide a \$1000 honorarium for each speaker and a plaque to commemorate her/his participation in the event.”

The Student Travel Award is a semiannual program. The awards (up to \$800 per individual) support both undergraduate and graduate students to present research talks or posters at Spring and Fall ACS National Meetings.

11. CONGRATULATIONS TO 2010 ACS AWARD WINNERS

The Division of Inorganic Chemistry is pleased to acknowledge the following DIC members who will be receiving awards in San Francisco:

ACS Award in Inorganic Chemistry: Donald J. Darensbourg

ACS Award in Organometallic Chemistry: Clark Landis

Alfred Bader Award in Bioinorganic or Bioorganic Chemistry: Joan S. Valentine

ACS Award for Distinguished Service in the Advancement of Inorganic Chemistry: Richard D. Adams

ACS Award for Creative Work in Fluorine Chemistry: Russell P. Hughes

F. Albert Cotton Award in Synthetic Inorganic Chemistry: Lawrence F. Dahl

Ronald Breslow Award for Achievement in Biomimetic Chemistry: Stephen J. Lippard

Award for Volunteer Service to the American Chemical Society: Margaret A. Cavanaugh

Arthur C. Cope Scholar Award: Christopher Chang

National Fresenius Award: Daniel J. Mindiola

One Shields Ave.
Davis, CA 95616
Tel: 530-752-4756
Fax: 530-752-8995
Email: smkauzlarich@ucdavis.edu

Chair Elect

F. Ann Walker
Department of Chemistry
University of Arizona
Tucson, AZ 85721-0041
Ph: 520-621-8645
Fax: 520-626-9300
Email: awalker@u.arizona.edu

Secretary

Michael J. Scott
Department of Chemistry
University of Florida
P.O. Box 117200
Gainesville, FL 32611
Ph: 352-846-1165
Fax: 352-392-3255
Email: mjscott@chem.ufl.edu

Treasurer

Kenneth J. Klabunde
Department of Chemistry
Kansas State University
Manhattan, KS 66506
Ph: 785-532-6849
Fax: 785-532-6666
Email: kenjk@ksu.edu

Chair, Bioinorganic Subdivision

Amy C. Rosenzweig
Depts. of Biochemistry, Molecular Biology, and Cell
Biology and of Chemistry
Northwestern University, 2205 Tech Drive
Evanston, IL 60208
Office: (847) 467-5301
Fax: (847) 467-6489
amyr@northwestern.edu

Chair-Elect, Bioinorganic Subdivision

Kara L. Bren
Department of Chemistry
University of Rochester
Rochester, NY 14627-0216
Ph: 585-275-4335
Fax: 585-276-0205
bren@chem.rochester.edu

Chair, Organometallic Subdivision

George G. Stanley
Department of Chemistry
Louisiana State University
Baton Rouge, LA 70803-1804
Ph: 225-578-3471
E-mail: gstanley@lsu.edu

Chair-Elect, Organometallic Subdivision

Clark L. Landis
Department of Chemistry
University of Wisconsin, Madison
1101 University Ave.
Madison, WI 53706
Ph: 608-262-0362
landis@chem.wisc.edu

Chair, Nanoscience Subdivision

Stanislaus S. Wong
Department of Chemistry
State University of New York
Stony Brook, NY 11794
Ph: 631-632-1703 (SUNY)
Ph: 631-344-3178 (Brookhaven)
Email: sswong@notes.cc.sunysb.edu

Chair-Elect, Nanoscience Subdivision

Donna J. Nelson
Department of Chemistry & Biochemistry
University of Oklahoma
Norman, OK 73019-3051
Ph: 405-325-4811
Ph: 405-325-6111
Email: djnelson@ou.edu

Chair, Solid State Subdivision

Barbara A. Reisner
James Madison University
MSC 4501
Harrisonburg, VA 22807
Ph: 540-568-3460
Email: reisneba@jmu.edu

Chair-Elect, Solid State Subdivision

Stephanie L. Brock
Wayne State University
Department of Chemistry
5101 Cass Ave
Detroit, MI 48202
Ph: 313-577-3102
Email: sbrock@chem.wayne.edu

At-Large Member (past Chair)

Kristin Bowman-James
Department of Chemistry
University of Kansas
1251 Wescoe Hall Drive
Lawrence, KS 66045
Ph: 785-864-3669
Fax: 785-864-5396
Email: kbjames@ku.edu

At-Large Member

Lisa McElwee-White
Department of Chemistry
University of Florida
Gainesville, FL 32611
Ph: 352-392-8768
Fax: 352-846-0296
Email: lmwhite@chem.ufl.edu

At-Large Member

Thomas Albrecht-Schmitt
Department of Chemistry
Auburn University, AL 36830
Ph: 334-844-6948
Email: albreth@auburn.edu

At-Large Member

Kenneth Karlin
Johns Hopkins University
New Chemistry 213, 3400 N. Charles Street
Baltimore, MD 21218 USA
Ph: 410-516-8027
Fax: 410-516-7044
Email: karlin@jhu.edu

At-Large Member

William J. Evans
Department of Chemistry
1102 Natural Sciences II
University of California, Irvine
Irvine, CA 92697-2025
Ph: 949-824-5174
Fax: 949-824-2210
Email: wevans@uci.edu

Councilor

Roy A. Periana
The Scripps Research Institute
Scripps Florida
130 Scripps Way #3A1
Jupiter, Florida 33458
Ph: 561-228-2457
Fax: 561-228-3064
Email: rperiana@scripps.edu

Councilor

Stephen A. Koch
Chemistry Department
SUNY Stony Brook
Stony Brook, NY 11794-3400
Ph: 631-632-7944(7931)
Fax: 631-632-7960
Email: stephen.koch@sunysb.edu

Councilor

Debra R. Rolison
Surface Chemistry Branch; Code 6170
Naval Research Laboratory
4555 Overlook Avenue, SW
Washington, DC 20375-5342
Ph: 202-767-3617
Fax: 202-767-3321
E-mail: rolison@nrl.navy.mil

Alternate Councilor

Alfred A. Barney
Strem Chemicals, Inc.
7 Mulliken Way
Dexter Industrial Park
Newburyport, MA 01950-4098
Ph: (978) 499-1644
Fax: (978) 465-3104
Email: al@Strem.com

Alternate Councilor

Jaqueline L. Kiplinger
Los Alamos National Laboratory
Mail Stop J514
Los Alamos, NM 87544
Ph: 505-665-9553
Fax: 505-667-9905
Email: kiplinger@lanl.gov

Alternate Councilor

Catalina Achim
Department of Chemistry
Carnegie Mellon University
4400 5th Ave.
Pittsburgh, PA 15213
Ph: 412 268 9588
Fax: 412 268 1061
Email: achim@cmu.edu

Alternate Councilor

Elena Rybak-Akimova
Department of Chemistry
Tufts University
Medford, MA 02155, USA
Ph: (617) 627-3413
Fax: (617)627-3443
Email: elena.rybak-akimova@tufts.edu

Program Chair (Western Meetings)

Micelle Millar
Chemistry Department
SUNY Stony Brook
Stony Brook, NY 11794-3400
Ph: 631-632-7909
Email: michelle.millar@sunysb.edu

Program Chair (Eastern Meetings)

Bernadette T. Donovan-Merkert
Department of Chemistry
University of North Carolina, Charlotte
9201 University City Blvd.
Charlotte, NC 28223-0001
Ph: 704-687-4436
Fax: 704-687-3151
Email: bdonovan@uncc.edu

Program Chair (Nanoscience)

Stanislaus S. Wong
Department of Chemistry
State University of New York
Stony Brook, NY 11794
Ph: 631-632-1703 (SUNY)
Ph: 631-344-3178 (Brookhaven)
Email: sswong@notes.cc.sunysb.edu

Membership Committee Chair

Professor Zi-Ling (Ben) Xue
Department of Chemistry
416 Buehler Hall
University of Tennessee
Knoxville, TN 37996
Ph: 865-974-3443
Email: xue@utk.edu

Awards Committee Co-Chair

François Gabbai
Department of Chemistry
Texas A&M University
3255 TAMU
College Station, TX 77842-3012
Ph: 979-862-2070
Fax: 979-845-4719
Email: gabbai@mail.chem.tamu.edu

Awards Committee Co-Chair

Raymond Schaak
Department of Chemistry
Pennsylvania State University
523 Chemistry Building
University Park, PA 16802
Ph: 814-865-8600
Email: schaak@chem.psu.edu
